

Mutation

0,01	0,5	64	24	6	8,5
0,015	0,5	70,5	22,2	6	8,5

The diagram illustrates a mutation operation on a 6-element array. The top row represents the original state, and the bottom row represents the state after mutation. The first, third, and fourth elements have been updated, while the second, fifth, and sixth elements remain unchanged. The updated cells are shaded gray.

Original	Mutated
0,01	0,015
0,5	0,5
64	70,5
24	22,2
6	6
8,5	8,5
